

Testimonials

"My destiny card reading with Willix was extremely clarifying and beneficial for me during a muddy and difficult time in my life. I felt validated for what I was going through, and felt very supported by Willix throughout the whole process of trying to find out the best course of action. He is extremely insightful and wise, and uses his cards as a potent tool. He was extremely generous with his time, energy, and information. Thank you!" - **Amy T.**

"Last night I was blessed to receive an amazing reading provided by my friend Willix Emanuel. His technique of reading is called cartomancy, which uses a standard deck of cards to provide information about one's life (done in a very scientific way, based off of your birthday and time, as opposed to a "randomly generated" spread as in a typical tarot reading, which can be subjected to error if the reader is not very intuitive). It is a very accurate and overall great system, especially for anyone who is a little intimidated by the idea of getting a "reading", because the info is very grounded and matter-of-fact, not "woo-woo/ new agey" sounding stuff. I found the reading to be very real and pertinent in my life and helping me to take a deeper look into myself, my conditioning, and why I am the way that I am, and how to change it to allow for a better life." - **Elizabeth S.**

Willix is the first person I've ever seen for a psychic consultation. For all of my life I have been a staunch supporter of psychology and therapists, but after spending a weekend at a conference with him I gave it a shot. The biggest lesson I've received from our consultations is that sometimes you just need to surrender to the fact that we are part of a solar system and that has influence over us. Someone can tell you what you should do, how you should perceive it or how you should let it go. But subtly there's something else going on that will influence who you are. Willix has helped me access this power so that I'm not fighting against the sun, moon, stars, planets and our own earth.

Some results of this are: being okay with feeling anger and acting on it, taking time for self-care so that I don't burn out, and validating my own personal power. This has allowed me to start a landscaping business as well as join other businesses that allow me to truly be myself. It also has allowed me to let go of a toxic romantic relationship and be vulnerable once again with new loves. Thank you once again Willix. - **M. Gene**

"Thank you Willix for the Destiny Card reading you gave me at Country Fair. I am at a crucial point in my life's work and I deeply appreciate having your insight into the timing of the various energies active in my life. Thank you for your down-to-earth wisdom and clarity." - **Benjamin C.**

I AM Shamanka

Divine Feminine Empowerment and Attunement

For over 6000 years humanity has suffered under the inhuman patriarchal suppression of the Women of this Earth. **Those days are over!** Women are waking up to *“the original Goddess religions that dominated human thought and feeling for at least 300,000 years”*, and are returning to the ancient Womb Wisdoms that enabled Women to be the original Shamankas, who in turn taught the men how to become Shamans.

I AM Shamanka Is a deep dive into the wisdoms of the ancient Mother Goddess religions which allowed us to know that Women are the embodiment of pure Divine Creative Power, and why this information has been suppressed.

Divine Feminine Empowerment and Attunement is an experientially interactive Rite of Passage into the internal wellspring of Goddess power that all women carry. It is based in the Gnostic Egyptian science of Neteru² Ritual and enables Women to manifest their Goddess power within.

Divine Masculine Workshop

This workshop is an intense container for men to explore and begin to heal those parts of themselves that are contributing to the Macho Paradox³ and are hindering the awakening of their own internal Divine Masculine.

I have facilitated a Men's Sexual Fitness Workshop and assisted with the Men's Workshops lead by African Elder and Dagara Shaman Malidoma Some and Mythologist/Writer Michael Mead. Be prepared to roll up you sleeves!

Knowing how these cycles directly govern and influence your life is a Master Key to a successful Life and Spiritual Destiny!”
